RE: Easterly Annexation No. 62

Gentlemen:

We have reviewed the proposed boundary of Easterly Annexation District No. 62 with the developer of Tract No. 27381 and find that the northerly boundary of the proposed annexation does not coincide with the approved lot lines of tentative Tract No. 27381.

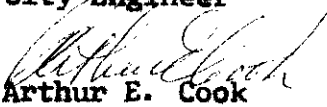

We have discussed this with Mr. Haenke of the County Engineer's office and he suggested that we request the LAFC to approve the annexation subject to this minor boundary modification, which consists of bearing changes and approximately 12½ feet additional territory to the north.

We are enclosing two copies of the annexation map with these changes noted in red together with two copies of a revised legal description reflecting these changes for your information.

It is our understanding that the Commission can approve the annexation without delays subject to the approval of the legal description by the County Engineer. If you should have any questions regarding the requested changes, please feel free to contact this office.

Gentlemen:

CITY OF GLENDORA "EASTERLY  
ANNEXATION DISTRICT NO. 62"

In compliance with your request of July 19, we have reviewed the submitted legal description of the boundaries of this proposal for annexation of territory and report as follows:

1. The boundaries conform with the record lines and lines of ownership, with the exception of the most northerly line.
2. No island of unincorporated territory is created by the boundaries.
3. The easterly boundary of this proposal creates a corridor of unincorporated territory over 300 feet long and less than 200 feet wide, which is a possible violation of Section 35002.3 of the Government Code.
4. This proposal overlaps proposed "Easterly Annexation District No. 59" to the City of Glendora.
5. The legal description as submitted requires revision.
6. Because of item 5 above, we have prepared the enclosed revised description which can be approved as to definiteness and certainty in accordance with Sections 54778 and 54790(f) of the Government Code.
